ANDERSEN
QUALITY MEETS DESIGN

ROOM TO PLAY

Andersen Furniture presents the spring/summer collection, Room to Play, where creativity meets functionality in the most beautiful way.

The collection explores shapes and levels, makes optimal use of space, and combines various materials for a modern and lively expression.

Each piece is designed to balance aesthetics and practical use, making the home both inviting and flexible.

The collection consists of furniture and home interiors designed with multifunctionality in mind – they can be used in multiple ways, adapted to different rooms and needs, giving each piece a longer lifespan. The combination of materials ensures not only durability but also a unique experience that adds warmth and character to the interior.

With a playful approach to form and a versatile design, the collection invites experimentation with the home, creating personality and making the most of the available space – whether in small apartments or spacious living areas.

EDGE SIDE TABLE

DESIGN: DÖGG DESIGN

The Edge side table is a versatile piece of furniture with almost endless possibilities of use. Its design challenges the classic, soft Scandinavian lines with a geometric expression. Made of powder-coated metal with sharp lines and angular details, complemented by a simple oak rod, the piece introduces a modern element to the interior.

The clean, geometric design adds a raw and graphic touch that contrasts with soft Scandinavian interiors without demanding too much attention.

The Edge side table can be placed both vertically and horizontally, offering different functions. In a vertical position, it serves as a small shelving unit, with the top functioning as a side table and the shelves ideal for displaying favorite decorative items. When placed horizontally, it becomes a lower side table with practical storage compartments for books, magazines, knitting, or similar items, while the top is perfect for a coffee cup.

The Edge side table works equally well as a side table at the sofa, a bedside table, or as a decorative element that adds contrast and structure to the room. It is ideal for those who want a piece of furniture with character, where functionality and industrial design go hand in hand.

Maximum weight: 5 kg.

EDGE MAGAZINE HOLDER

DESIGN: DÖGG DESIGN

The Edge magazine holder challenges the classic, soft Scandinavian lines with its angular expression. Made of powder-coated metal with sharp lines and angular details, complemented by a simple oak handle, the magazine holder introduces a modern element to the interior.

Its clean, geometric design adds a raw and graphic touch that contrasts with soft Scandinavian interiors without drawing too much attention.

The Edge magazine holder can be used for various purposes in the interior thanks to its functional design. In addition to its primary function of storing magazines and books, it can also be used for wood for the fireplace, yarn, a laptop, or other items you want to keep close at hand – while still stored in a stylish way in the home.

The Edge Magazine Holder is perfect for those who want a piece of furniture with character, where functionality and industrial design go hand in hand.

The magazine holder is available in black.

Maximum weight: 5 kg.

EDGE MIRROR

DESIGN: DÖGG DESIGN

The Edge mirror challenges the classic, soft Scandinavian lines with its geometric expression. Made of powder-coated metal with sharp lines and angular details, complemented by a simple oak rod, the mirror introduces a modern element to the interior.

The clean, geometric design provides a raw and graphic expression, breaking up soft Scandinavian interiors without drawing too much attention.

The Edge Mirror can be used in various ways in the home thanks to its functional and sleek design. It serves as a decorative element on the wall, adding depth and light to the room, while also creating contrast and structure in the interior.

The Edge Mirror is perfect for those who want a small mirror with character, where functionality and industrial design go hand in hand.

PLINTH STOOL

DESIGN: MARTINA CLAESSION

The Plinth Stool from Andersen Furniture is inspired by the iconic equipment of the gymnasium and is a modern interpretation of the classic gymnastic vault, functioning both as a stool and a storage piece. It can also be stacked when not in use, making it easy to save space in the home.

With its simple, playful design, it is both robust and multifunctional. The combination of the wood's warmth and the functional design make the stool suitable as a flexible, small piece of furniture – easy to move around, yet still with a clear reference to the classic wooden vault.

The stool is made of solid oak and retains the warm, light expression that fits perfectly into Scandinavian design, with its simplicity, natural materials, and timeless aesthetic.

The Plinth Stool is a versatile piece of furniture that works equally well as a seat, side table, or decorative, playful element in the interior. It is ideal for a children's room, where it can be used both as a small, practical seat. There is storage space under the seat, where, for example, children's toys can be organized and kept for next time.

Maximum weight: 100 kg.

COLUMN SHOE RACK

DESIGN: MARTINA CLAESSION

The Column shoe rack from Andersen Furniture is designed in solid oak with functional and stylish details, making it ideal for many different homes. The functional design ensures maximum storage without taking up much space.

With its light, clean expression, the shoe rack adds both warmth and calm to the room while harmonizing with Scandinavian design and its focus on simplicity, natural materials, and timeless style. The natural wood finish provides an elegant touch, making the shoe rack a decorative element that fits seamlessly into both classic and modern interiors.

The Column Shoe Rack is especially suitable for the entryway, where its two shelves provide space for the whole family's shoes while keeping small accessories organized.

The shelf can also be combined with small baskets or boxes that help organize everyday accessories such as scarves, bags, and similar items.

The product's durable materials and solid construction ensure that the shoe rack can be used daily for many years to come. The rack is also lacquered, making it resistant to dirt and moisture.

Please note: The Column Shoe Rack is not intended for use as a seat.

Maximum weight: 5 kg per shelf

ANDERSEN TRAY HOLDER

DESIGN: ANDERSEN DESIGN TEAM

The Andersen Tray Holder is a modern interpretation of the classic retro tray holder. It combines functionality with a beautiful, simple design in durable cotton, making it a perfect fit for both contemporary and timeless homes that want to bring a touch of nostalgia into their interior.

The Andersen Tray Holder provides a practical way to store serving trays or cutting boards while also serving as a decorative element in the kitchen. Its minimalist design and natural materials make it easy to integrate into the kitchen or dining area, adding both order and charm. It also features an elegant A-logo and a brass ring at the top, making it simple to hang the tray holder in your home.

The timeless design and durable materials ensure that the tray holder functions not only as a practical tool but also as a stylish décor piece for many years to come.

Maximum weight: 2 kg.

PAPER TOWEL HOLDER 2

DESIGN: ANDERSEN DESIGN TEAM

The paper towel holder from Andersen Furniture is inspired by the classic wall-mounted toilet paper holder and designed with a nostalgic touch that brings charm and personality to the kitchen. It is easily mounted on the wall while providing order and functionality, ensuring the paper towel is always within reach when preparing dinner or baking a cake.

With its timeless design and carefully crafted details, the holder fits seamlessly into both modern kitchens and retro-inspired interiors. It combines practical usability with aesthetic appeal, making it a decorative element that enhances the personality of the kitchen and adds a cozy, vintage-inspired atmosphere.

The paper towel holder is also perfect for holding extra toilet rolls in the bathroom, keeping them easily accessible and in a stylish way – with a design that creates harmony between the holder and the storage of the rolls.
