## DOUBLE-SIDED

Our double-sided recycled leather features predefined colour combinations on each side, and some of them various leather textures too. The material is 2 mm thick.

## PREDEFINED COMBINATIONS

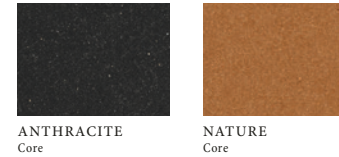

Our double-sided colours are created in carefully curated combinations and cannot be mixed.

*Example:* The sample on the right features 'Vanilla' in Nupo on the front and 'Hazel' in Nupo on the back, offering two expressions in one.

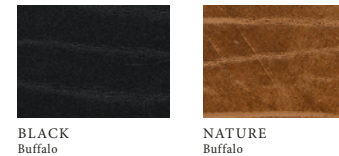

## CORE

Core is our most natural recycled leather quality. With no colour or embossed structure, the granulated core leather is visible, leaving a natural flecked pattern across the surface that is unique for every item. The material is 1,6 mm thick.

## BUFFALO

With its large and natural-looking pattern, the recycled leather texture Buffalo has a surface characterized by horizontal lines, bringing a perfect foundation of rustic style to the table. The material is 2 mm thick.

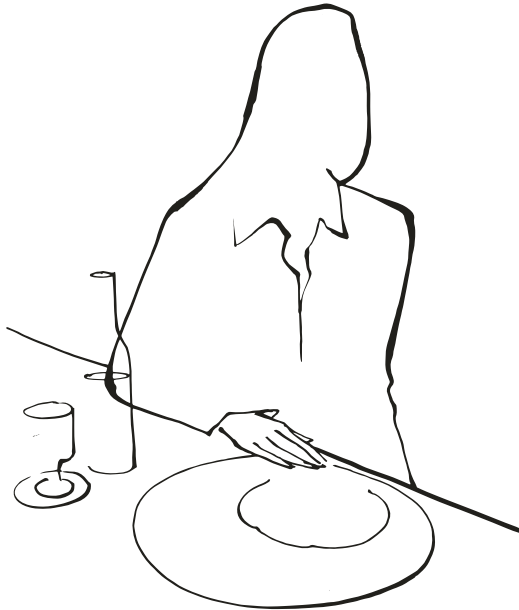

## LACE

Lace is a half-glossy, half-matte, extravagant surface inspired by premium lace fabrics. The recognizable and playful structure will make a beautiful statement in any table setting. The material is 1,6 mm thick.
