SCULPTURAL MINIMALISM

We define Sculptural Minimalism

We define sculptural minimalism by merging the artist's meticulous attention to detail with the architect's vision and spatial understanding. The respect of nature's own materials is integral to every piece, our passion for the diligent craftsmanship is evident in every item and each design is more than just interior objects. They are artworks for your home.

Frame

With the SS22 collection Kristina Dam Studio is framing the first 10 years of interior ingenuity and Sculptural Minimalism. It is the clean, honest, and contemporary designs that epitomize Kristina Dam Studio – conceptualized in our anniversary piece: The Frame Sculpture. It is in the interplay between light and shadow, graphic shapes and interior functions that our Sculptural Minimalism is shaped; shaped to suit contemporary spaces and modern-day life.

Collection

Cone Lamp

The Cone Lamp accentuates the appeal of contrasting materials – warm walnut details and brushed steel – and purposeful geometric shapes. The cool steel cones, the warmth of the wooden details and the clean light epitomize minimalist contrasts done right. The Cone Lamp series consists of a new floor lamp, a classic pendant in two sizes, a versatile table lamp and the elegant spinning top.

Japanese Tray Tables

Inspired by the Japanese design tradition and the incense boxes of the Edo era, Kristina Dam Studio has envisioned a Scandinavian take on the versatile tray tables. Three sizes, multiple functions, one clean look. The rectangular table turns into a luxurious bench or stylish love seat when topped with the fitted cushion in delicious cognac nubuck. All trays and tables are handcrafted in dark oiled oak

Edo Side Table

The Edo Side Table is the clever result of a collaboration between Kristina Dam Studio, the Danish paper designer par excellence Amanda Betz and the renowned box brand, Elvo. Taking its cues from the subtle art of simple living, the Edo side table is a foldable box in cardboard and fabric, suited for bedsides, narrow hallways and small spaces.

Dowel Mirrors

The Dowel mirror is minimalism at its finest – a proponent of the evident beauty in simplicity, the evident strength in honest design. A mirror sleekly framed in steel, centered with a walnut plug, suitable for your bedroom, bathroom, or your preferred space for reflection.

Line Stroke Bowl

The Line Stroke Bowl is a contemporary expression of the shift between light and solid material, the interplay between positive and negative space. The essence of Sculptural Minimalism.

Bath

Sculptural Minimalism can be extended to all aspects of interior design. It is in the meticulous attention to detail – from hooks and hangers to soap dispensers and towels – that the vision of Kristina Dam Studio comes alive. No excess, no mess. Our bathroom essentials are defined by their refined and clean, architectural expression, natural materials, and strong, graphic lines.

Dowel Hooks

*The Dowel Hooks combine warm walnut details with the stainless-steel hook.
The contrasting materials add a strong style statement to any surface.*

Minimal, Modern & Classic

In our endeavor to translate Sculptural Minimalism into every aspect of the home, Kristina Dam Studio has developed a line of exquisite soaps and lotions in three signature scents: Minimal, Modern, and Classic. The hand soap with abrasive grains of apricot kernels gently cleanses and exfoliates dry or sensitive hands leaving them soft and revitalized. The hand lotion with almond oil and apricot kernel oil has a light yet nourishing texture which penetrates deep into the skin and provides long-lasting moisture for your skin.

Outdoor

Kristina Dam Studio creates interiors for the exterior that carry a versatile and clean expression. The powder coating of The Bauhaus Collection and The Frame Sculpture make them suited for both indoor and outdoor use in private gardens or public spaces.

Bauhaus Dining

The Bauhaus series is named after the eponymous German art school. More than a century after it was initially founded, the groundbreaking school continues to be a source of inspiration and admiration.

The distinguishing Bauhaus features - straight lines, perfect curves, and clean, simple surfaces - are echoed in this collection that merges architectural precision with a light, Nordic ease.

Serene Flowerpots

The Serene Flowerpots is defined by the half-circle base of the tubular flowerpot, and the asymmetrical look adds an astonishing trompe l'oeil effect to every pot. The Serene Flowerpots are shaped in terracotta and glazed on the inside making them water resistant.

Bauhaus

The Bauhaus tradition is focused on form following function. At Kristina Dam Studio we embrace this credo of simplicity whilst maintaining our insistence on an inherent sculptural quality to every piece of furniture we design. The Bauhaus series is defined by the perfectly arched backrests, the circle-shaped tables, and the understated adornment of the perforated grid. The resilient powder coating makes the collection suited for both indoor and outdoor use in private homes as well as in cafés, restaurants, or urban spaces.

Our most recent addition to the Modernist series is the Danish Savak fabric. The durable material is woven from wool sourced in New Zealand; the stylish stripes epitomize Scandinavian aesthetics in their truest form and make for a clever contrast to the slender steel frame.

MINIMAL BENCH & DAYBED

The Minimal series is inspired by Japanese principles. The pared back construction underscores the quality of the craftsmanship and the simple elegance of the organic solid oak or the modern black frame. The interplay between the wooden frame and the slim cover adds a sense of exquisite ease to the indispensable pieces – a daybed and a bench. The soft foam mattress comes upholstered with Aniline leather Nubuck leather or Savak made from wool in earthy tones that reference the 1960s.

Jewellery Display

Our refined jewellery display is as much a small treasure trove for your exquisite memorabilia as it is a small piece of artistry, suitable for a nightstand or to be hung on the wall. Crafted from walnut or natural oak no two pieces are the same – each display reflecting the organic patterns of its natural material.

Signature Soap & Hand Lotion

The defining traits of our design universe can be experienced in the bespoke soaps and hand lotion. All soaps have an exfoliating effect due to the natural abrasive grains of apricot kernels, while aloe vera and extracts of ginger and pink pomelo keep your hands moist and smooth. Add additional nourishment by finishing your cleanse with the lush hand lotion that soothes dry hands with almond and apricot kernel oil. All ingredients are 95% natural.

Our three signature scents have been carefully selected to reflect the values of our brand. "Classic" is our discreet refreshing scent. It combines orange blossom and lemongrass with warm wooden notes. "Minimal" derives its subtle, clean scent from clary sage, cedar wood and green leaves. "Modern" is our contemporary fragrance that contrasts delicate fresh flowers with ripe orange and warm sage notes.

Minimal Towel

The Architecture Towel series combines graphic design, function, and quality in covetable towels uniquely designed to be both luxurious and long-lasting. Each towel is loomed from premium, long-staple cotton fibers that offer exceptional absorbency. The collection is certified OEKO-TEX®, guaranteeing it is crafted safe and socially responsible from materials tested for harmful substances with environmentally friendly processes. The towel is created in three sizes, namely, a small for the hands, a large for the body and a bold statement towel for the beach.

Frame Sculpture

The Frame Sculpture is the key item of the season. It is a piece of functional art open to interpretation. The piece is crafted in powder coated steel and can be enjoyed as an indoor side table or a garden sculpture. Art is in the eye of the beholder – and courtesy of the Kristina Dam Studio it is within reach right at your home.
