COLOUR SELECTION CORDUROY

Corduroy is our exclusive recycled leather texture inspired by the iconic corduroy textile. Its horizontal lines create a visual depth, while the surface offers a soft, smooth feel. The material is 1,6 mm thick.

Nupo Collection

Nupo is our bestselling recycled leather texture, named for its distinctive nubbed surface. The matte finish has a Nordic and minimalistic expression with a subtle suede-like feel. It features a two-toned colour play, where two similar colours are seamlessly combined, creating a captivating interplay of hues. The embossing in this texture is simple and discreet.

Core Collection

In the development of the recycled leather texture Core, our aim was to 'cut to the core' and create a recycled leather quality that can tell the story of its own production. Without colour and embossed structure, the granulated core leather is easily visible in the material, and this charming detail ensures that each mat has a unique, natural flecked pattern across the surface.
