MUUBS

BEAUTY IN IMPERFECTION

P O E T R Y O F D E S I G N

Spring is an invitation to renewal – a moment to let your interior rediscover its personality through timeless designs full of character. The collection reflects the return of energy and invites you on a journey through functional solutions and Scandinavian design language, created for homes where aesthetics and authenticity go hand in hand - in a poetry of design.

Each piece carries an unexpected signature, adding soul to the space – from sculptural shapes and tactile materials to details that leave a personal imprint. The collection encourages decorating with both calm and edge, where simplicity and uniqueness merge seamlessly.

With rich textures, expressive materials, and raw, hand-crafted details, the collection fosters a deeper connection between people and the spaces we call home – celebrating design that feels both genuine and alive.

OKA is a series of dining chairs, designed in collaboration with the Danish design studio Says Who and characterized by the chair’s organic shapes and functional aesthetics. The series combines simplicity, comfort, and natural materials in a design that is both inviting and durable.

The Oka dining chair is designed with a distinctive backrest and an inviting upholstered seat in a combination of natural materials that unite comfort with simple design. With a frame and backrest crafted from solid oak, the series exudes quality and character. The curved backrest is created to provide optimal support and comfort – perfect for both long dinners and cozy moments. The upholstered seat completes the experience with a soft contrast that invites relaxation.

The result is a timeless design that blends seamlessly into any interior while adding personality to the room.

The chair is delivered flat-packed and is easy to assemble. Visible screws on the back of the backrest add edge and character to the design.

TV STAND TENJI

Steel/Powder Coated Black

L85xW40xH88 cm

Colli: 1 / EAN 5713524048704

EUR Retail incl. VAT 215,-

EUR Your price excl. VAT 105,-

TENJI is a simple and functional TV stand, designed with a raw, industrial look. It is made of powder-coated steel, which not only ensures high stability and durability but also gives the surface a hardwearing finish.

The name Tenji, which means “exhibition” in Japanese, reflects the stand’s function as an elegant and flexible way to showcase your TV. Its industrial design adds character and personality to your interior – either as a striking contrast in living rooms with soft, warm furnishings or as a natural complement in homes that embrace a raw and minimalist style.

With its wheels, the Tenji TV stand offers complete freedom in interior design and makes it easy to move the TV from room to room – perfect if you want flexibility in everyday life. Two of the wheels are equipped with locks, ensuring the stand remains stable and secure in the desired position. If you prefer a fixed placement for your TV, the wheels can be replaced with glides. This way, the stand remains stationary without leaving marks on the floor, while also ensuring a stable solution for any home.

The TV is mounted directly onto the flexible nylon straps on the back of the stand, ensuring it is secure and cannot fall. Screws are included, making the installation compatible with all VESA standards from VESA100 to VESA400 – suitable for TV sizes of approximately 40” to 60”.

The TV stand is easy to assemble and install with the included screws and tools.

Max. weight: 30 kg.

RIPE stands out with its distinctive ribbed surface and organic shape, adding elegance and sculptural beauty. Each product in the series is carefully crafted in an aesthetic form that contributes a stylish and striking expression, defining the overall character of the collection.

In this popular glassware series, the warm, lightly smoked tone creates an elegant and deep expression that harmonizes beautifully with the clear glass, making it easy to create a personalized and varied table setting. The organic shapes break with traditional lines on the dining table and add an elegant and modern touch to the table decor.

Ripe offers a wide range of tableware, making it easy to create a stylish and personalized table setting. The series includes water glasses, red and white wine glasses, champagne and cocktail glasses, bowls, as well as glass vases that are perfect for beautiful bouquets or as decorative elements in the home.

Each piece is mouth-blown and finished with the modern ribbed surface – a technique that makes every item in the series truly unique.

UTA cutlery combines raw craftsmanship with timeless aesthetics, adding a natural focal point and a personal touch to the table setting.

Inspired by the Japanese word “Utareta,” meaning hammered and struck, the cutlery is hammered under glowing heat and shaped like natural branches, creating a unique, organic expression – a tribute to the traditional technique behind the design. The characteristic hammer marks, together with the cool steel, create a tactile surface that evokes the forms of nature.

The hammered and rustic expression of the cutlery adds extra character, bringing a distinctive touch to any personalized table setting.

The **LUNA** and **ECHO** decorative deco balls create an atmospheric ambience. Each deco ball is crafted in terracotta and finished with a handmade reactive glaze, resulting in a unique and varied surface.

The hanging design is simple yet elegant – a black ring with a leather cord that lets the deco ball hang freely, adding a playful and charming expression. Hang the Luna decorative balls from a beach branch or another natural element and let it bring a unique and personal touch to your interior all year round. The decorative balls look beautiful on a rustic branch in a Luna or Echo jar, creating an elegant link between personality and aesthetics.

The set includes 2 deco balls in the same color. The deco balls can be combined with other decorative balls from the series to create a personal expression.

As a handmade product, each deco ball carries its own unique character. Variations may occur.

TASO is a beautiful outdoor decorative deco ball, designed in a dark, deep shade with a rustic texture, inspired by the magical glow of twilight, which also gave the series its name.

The decorative deco ball is perfect as design elements, whether placed alone or in groups, creating a stylish focal point in any outdoor space. They add personality to your outdoor areas and bring a sophisticated atmosphere to the garden or among pots on the terrace, supporting a harmonious and inviting ambiance.

Taso's timeless design combines simplicity with a subtle play of color and texture, making it a perfect fit for both modern and classic settings. The robust terracotta ensures durability outdoors, while the natural texture gives the spheres an authentic and vibrant expression.

The Taso deco ball is made of terracotta and subsequently fired at very high temperatures, ensuring that the pieces withstand low frost temperatures.

The Taso balls are handmade, and therefore each ball will vary in appearance.

VITA is a series of extraordinary kitchen and home accessories that enhance the interior with a strong and beautiful piece of nature. These small marble artworks exude both exceptional elegance and refinement, adding a robust and timeless beauty to any kitchen.

In the kitchen, Vita brings a touch of natural beauty and joy to everyday life, while in the bathroom it adds an exclusive and refined expression. With Vita, you can create an enriching and sophisticated atmosphere where functionality and aesthetics go hand in hand.

The Vita series is crafted from stylish and charming marble, revealing beautiful shades and patterns that symbolize the stone's natural origin in the mountains. The natural variation in colors and patterns makes each product in the Vita series unique, creating a beautiful contrast to the other materials in your kitchen.

With Vita, you can create an enriching and natural atmosphere of beauty where functionality and aesthetics go hand in hand.
