NEW MULTI HOOKS

Designer Says Who

Multi Hooks from Andersen Furniture is a set of multifunctional hooks in solid oak.

Multi Hooks is designed by the Danish design duo SaysWho, who have focused on creating a hook that has multiple uses. With Multi Hooks, you have both the option of hanging your jacket or bag at the top and at the bottom of the hook. It fits in perfectly with the trend of small living, where you need more storage or functions in a few square meters.

Multi Hooks are made of solid white pigmented oak, which makes it more resistant to dirt and retains its bright color better. An elegant and discreet Andersen logo in brass is mounted on the side of the hook. The beautiful light oak helps to give warmth and glow to the room.

Multi hooks come in a package consisting of 3 hooks, each in its own size. The hooks are easy to hang with their hidden keyhole fittings on the back.

NEW FLOW

Designer Rakel Riis Villesen

The Flow rug has a lightness in the design that plays with the idea of movement while also adding a modern touch to a room with its warm colours and dark contrasts.

From used water bottles to beautiful rugs

The rug is made from various recycled materials, such as water bottles, which are part of the specially developed felt material that is placed under the rug. The specially developed felt material consists of approx. 18 bottles per m² and the used bottles now get a new and valuable life in a modern interior design.

High quality wool from New Zealand

The wool in FLOW comes from New Zealand sheep. Their wool is known to be one of the best and finest qualities in the whole

world. New Zealand wool is spun and put together in a way that makes the rug itself more durable and resistant so that it can last for several generations.

Focus on animal welfare

FLOW is produced of high-quality wool that is completely free of mulesing from sheep that are guaranteed to have food, drink, and space to create the best and most attractive wool for rug production.

Cradle to Cradle

Flow is bronze Cradle to Cradle Certified®.

Cradle to Cradle is a "cradle to grave" mindset, where the rule of thumb is that the product must not burden our resources.

NEW SQUARE LANTERN

Designer Rakel Riis Villesen

The Square Lanterns is an elegant and modern indoor lantern in solid oak and glass that comes in two sizes: Tall and small.

The Square Lanterns are designed by Rakel Villesen who has graduated as industrial designer from the acknowledged Design School in Kolding. With her passion for sustainability and functionality, Rakel has focused on creating a usable beautiful design in a sustainable material with multiple functions.

Rakel has found her inspiration in the characteristic shape and handle of the classic transistor radio. This has resulted in the beautiful combination of the light oak, the straight glass fronts and the black handle on top.

The Square Lanterns has several functions besides the classic function with a candle or the seasonal flowers in a small vase inside to create a cozy atmosphere. Square can also be used as a memory box, where you can place your memories or your treasures from the beach on display.

You can also use Square as a beautiful hostess gift or a present for a reception with wine or delicious sweets inside.
