TABLETOP 2021

WELCOME TO OUR SS21 CATALOGUE

In these turbulent times, we more than ever seek the comfort of our home while finding ourselves slowly adapting to a new way of living - with still many uncertainties ahead.

Through our SS21 Catalogue, with a reassuring and positive mindset, we wish to encourage you to compose your very own table stories and to bring light to your table settings with fresh seasonal colours inspired by the Nordic nature and the search for a simpler and more meaningful way of life.

We also welcome new innovative furniture designs to our collection, cleverly crafted as knock-down pieces, inviting you to connect and engage with the designs and enabling us to reduce our environmental footprint - a sustainable approach that has been a part of our corporate DNA since the very beginning.

RETHINKING INTERIOR FROM A SUSTAINABLE PERSPECTIVE

LIND DNA was founded in 2013 with the ambition to inspire consumers with table setting products and to rethink interior design from a sustainable perspective. In our efforts to reduce our environmental footprint, we make no compromises to the quality and aesthetics of our products, which is why design as well as production take place locally in Denmark.

LIND DNA's aim is to create interior items that continuously interlink aesthetics, functionality and choice of materials in a very clear and consistent design language. With an inherent curiosity for experimenting with materials, we combine OEKO-TEX® certified recycled leather, European steel, wool and oak in our designs - a unique mix of materials intriguing the sense of touch.

DESIGNED TO LAST A LIFETIME

Sustainability runs deep in our veins and has been an essential part of our corporate DNA since the very beginning. That is why we create interior accessories and table mats in recycled leather that are timelessly designed, incredibly durable, and crafted in sustainable and uncompromising materials.

To assure you that your LIND DNA table mats truly will endure the test of time, we are proud to offer lifetime guarantee on our entire range of table mats and to set new standards for your table setting.

RECYCLED LEATHER

The bedrock of most of our designs is OEKO-TEX® certified, recycled leather. Sourced from surplus production from the furniture and fashion industry, the vegetable-tanned core leather is first granulated, and then pressed together with natural rubber from trees. The result is a recycled leather quality, consisting of 80% core leather and 20% natural rubber – a material that is not only incredibly durable and water repellent but also easy to clean. Lastly, the recycled leather is dyed with water-based colour and embossed with beautiful surface structures and patterns.

TELL YOUR OWN TABLE STORIES

Sitting down around a carefully decorated and beautifully set table always evokes a special feeling in your guests, making them feel grateful, cherished and at ease in each other's company. We wish to inspire you to create a magical ambience not only for large family gatherings and festive occasions, but also for all the small meals and pauses throughout the day that help you recharge your batteries for your daily life challenges.

With thousands of choices in terms of colours, structures and forms, we offer you the possibility to create a seemingly infinite range of expressions – allowing you to compose your very own table stories.

TURN YOUR TABLE SETTING UPSIDE DOWN

With a unique technique, we have created a reversible table mat with carefully combined colours and structures, resulting in a contemporary, yet timeless tabletop piece – a tabletop item that is at once long-lasting and sustainable in design as well as in choice of material.

From the quiet morning coffee to vivid weekend gatherings with friends and family, the reversible table mats turn your dining table into a playground with endless possibilities of expressing your unique personality – just turn your table mats over to create a new look, colour and setting to match any occasion.

FROM SUBTLE HUES TO CLEANSING COOL

At LIND DNA, you have always been able to choose from a wealth of beautiful colours, shapes and structures. Earthy, subdued hues form the foundation of our colour scheme, which also includes a few accent colours calibrated to fit in yet stand out.

In a time where we more than ever seek comfort and inspiration in nature and our nearby surroundings, we introduce a new collection of seasonal colours inspired by the Nordic nature and the search for a simpler and more meaningful way of life. The four new colours span from soft subtle hues to vibrant, cleansing cool colours, inviting you to experiment with your table settings. We welcome the delicate Soft Nude, the clear Cool Blue, the dark Petrol, and the deep Midnight Blue to our assortment.

CREATE A SPRING-EMBRACING LOOK

Invite light to your table setting with our fresh seasonal colours that feel playful yet elevated, and still easily pair with your trusted neutrals.

PLAYING WITH DIMENSIONS

A crucial part of any table setting is the choice of dishes. Due to its distinctive shape, our Curve Stoneware lets you rethink how to arrange and serve food. The collection lets you play even more with the symmetry of your tabletop ensemble by adding another dimension of curves to your table. Let your imagination run riot and create your own unique table stories by mixing and stacking our stoneware in the most inspired ways. Our stoneware collection is available in black and navy blue.

VASES

Invite nature inside and use our vases for green twigs, fresh stems and decorative dried flowers - or simply use them for storing kitchen tools or work-space utensils. Choose from our vast selection of vases - available in three sizes and a multitude of structures and colours that will match your table setting and help create a pleasing environment in your home.

WOOD BOX

Bring a warm, authentic atmosphere to your home by adding Nordic-inspired home details made of wood. Made with love of classic craftsmanship, the harmonious design of our Wood Boxes fits seamlessly into any room of your home. The boxes are made from European oak treated with vegetable oil and come in a multitude of shapes and sizes, with or without lid, making it easy to find your personal favourite to fulfill any need.

Use them for jewellery and beauty favourites in the bathroom, for keys in the hall-way, for keeping your home office neatly organised or for display of your preferred oils and spices on the kitchen shelf.

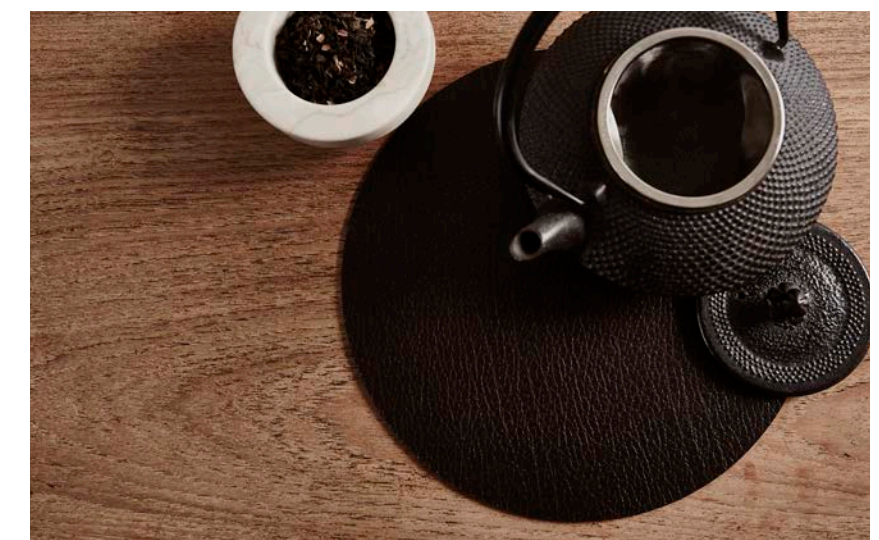

GLASS MAT

For hot cortados or cooled G&T's – whatever way you prefer to quench your thirst, there is a glass mat for any occasion.

HOT MAT

Our hot mats in 3 mm durable recycled leather are heat-resistant up to 180 Celsius, making them ideal as trivets for hot pots and pans. Leave the hot mats on the table after dinner and use them as a decorative base for your favourite flower vase.

CANDLE HOLDERS

Living in the northern hemisphere, lighting candles in the dark helps us create that special feeling of 'hygge' and gets us through the gloomy winter months. With a clever design, combining oak, recycled leather and hidden magnets, our selection of candle holders lets you play with the expression by combining and placing the candle holders in numerous ways according to personal style and taste. Our selection counts both tealight and candle holders as well as our Cone Candle Holders in natural or smoked oak that can be placed on the candle boards.

SALT&PEPPER

SALT&PEPPER is an ingenious accessory for the contemporary kitchen. Crafted in oak and held together with small hidden magnets, the set is not only ideal for conserving salt and pepper, but also for organising those small bits and bobs in your home office.

CUT&SERVE

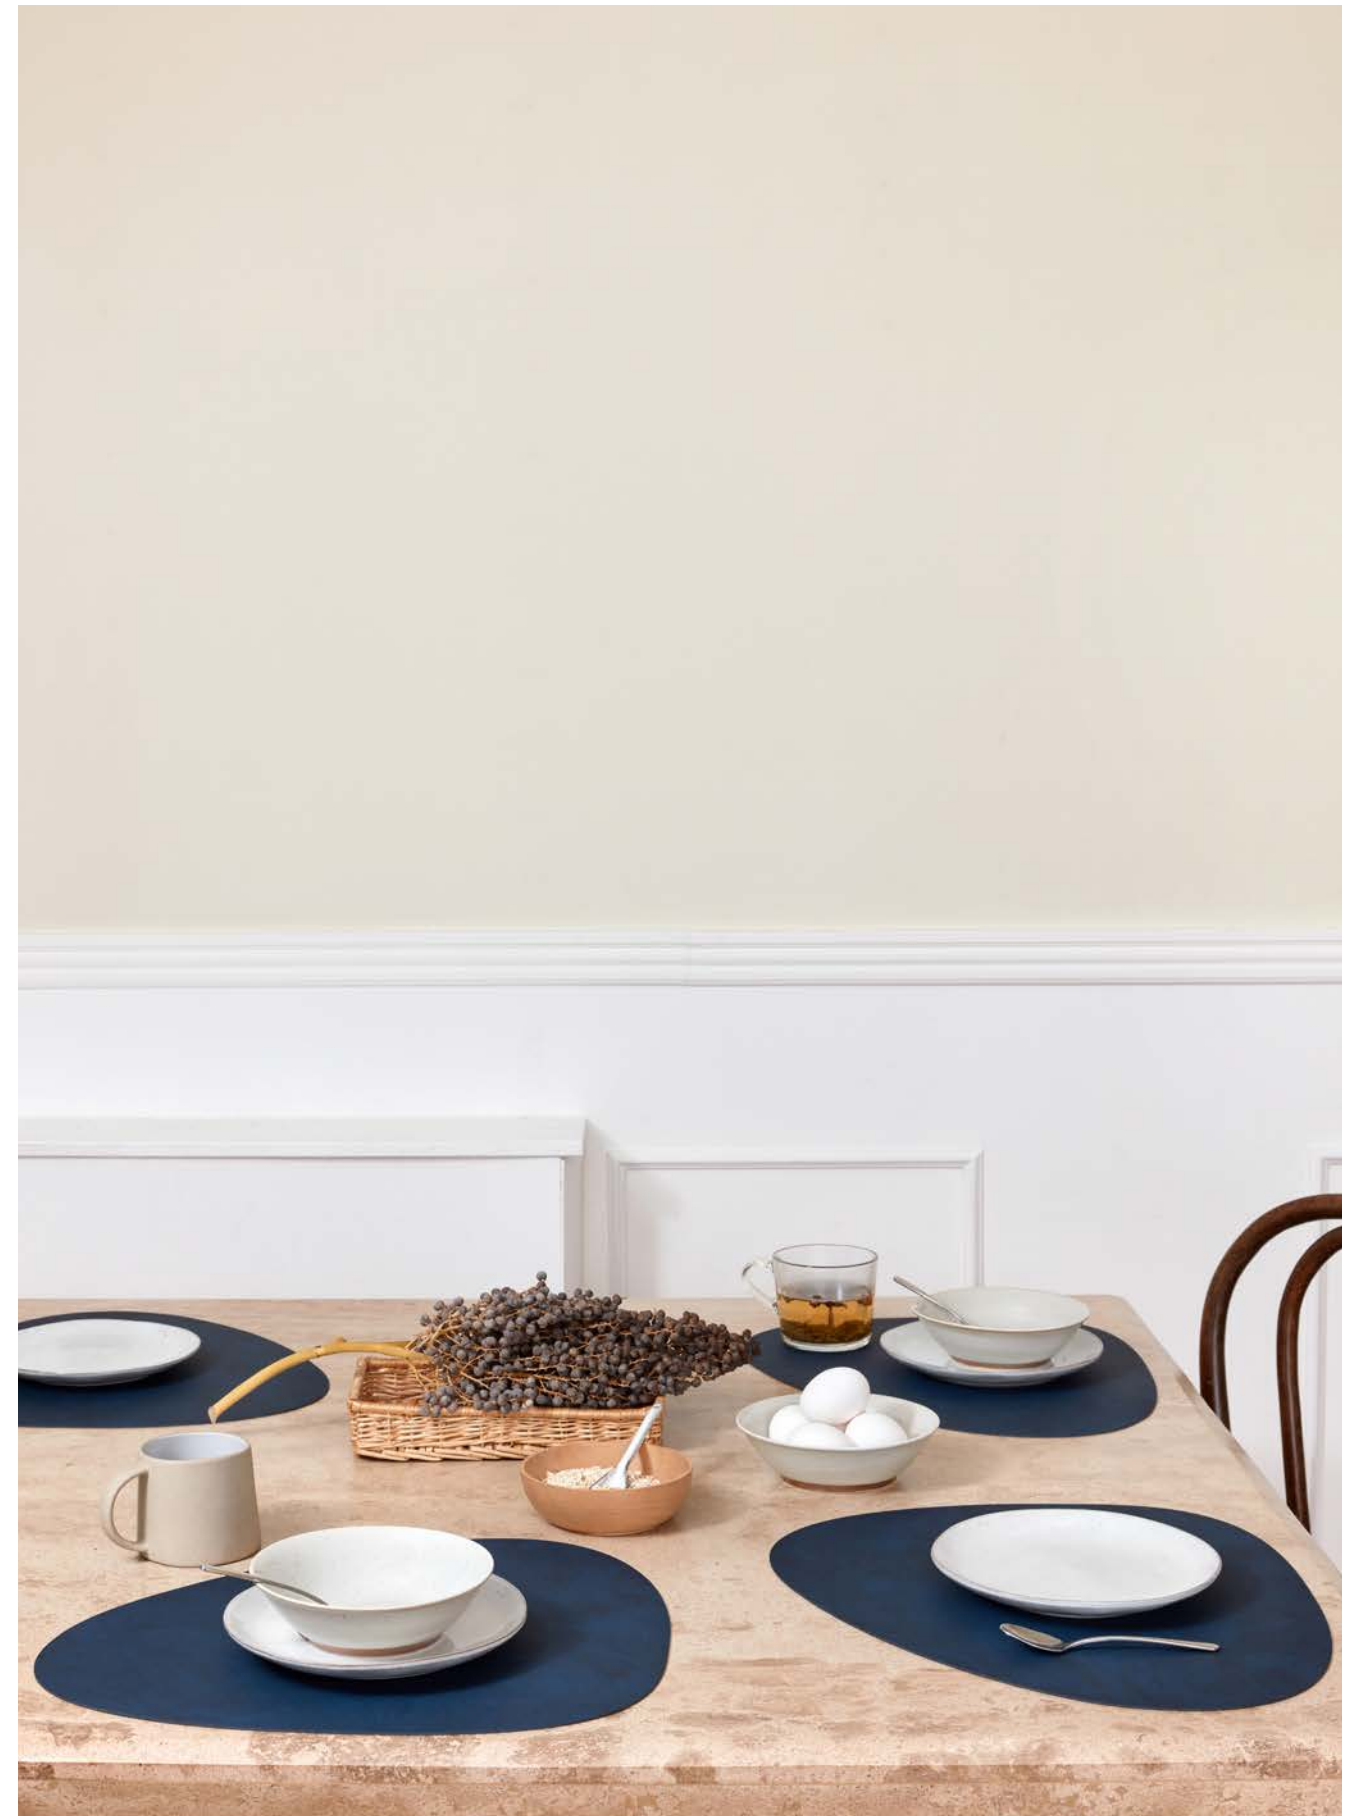

CUT&SERVE is made from compact laminate which makes the boards dishwasher proof and almost impervious to wear and tear. The collection of cutting boards may have a soft, wooden appearance, but is actually made from compact laminate - a very strong and durable material consisting of multiple kraft paper layers pressed together with resin from trees. Mixing high aesthetics and functionality, the boards can be used as decorative serving boards for tapas or snacks.

The CUT&SERVE collection is heat-resistant up to 180 Celsius, making them applicable as trivets for hot pots and pans.

KITCHEN HOLDERS

With a minimalistic and durable design for the kitchen, our recycled leather encases the kitchen roll holders and gives them a soft, yet elevated and cleaning-friendly surface.

TRAYS

Serve breakfast in bed for your loved ones or create a well-balanced still life using our trays as the perfect neutral base. The trays come in a multitude of sizes and finishes that will elevate your interior.

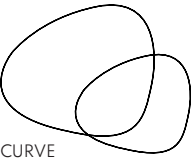

NAPKIN HOLDERS

Our selection of handcrafted napkin holders contrasts clean lines with raw, natural materials that will intrigue the sense of touch on your dining table.

INTERIOR ACCESSORIES 2021

CREATING A COMMON THREAD

Our line of interior accessories carries a consistent design language that will create a common thread throughout your home, ensuring a calm and coherent home environment. The collection includes accessories that will help you organise your home and ease your daily routines. Usually, the form of the designs is very pure and simple, while taking a playful approach to the details that make the pieces stand out.

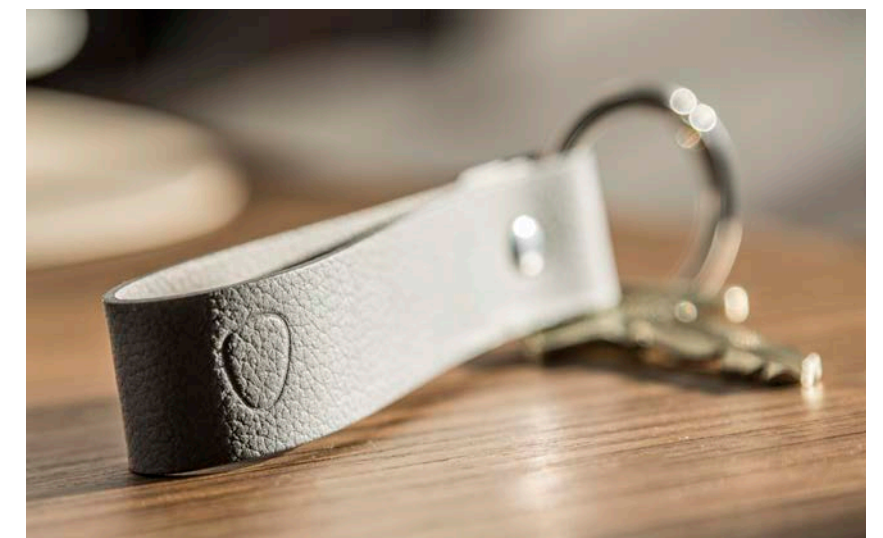

PENDULUM

Made from steel and covered in recycled leather, the PENDULUM CIRCLE is a minimalist hanging design for your home, offering a perfect base for a few decorative objects or our magnetic Cone Candle Holders. The leather cords allow you to hang the PENDULUM from the ceiling in the height you prefer - enabling you to create engaging levels and dimensions in your interior.

KEY TO QUALITY OF LIFE

Key Board is a magnetic board for your keys that beautifully bridges design and functionality. The strong magnet keeps your keys in place, so you with a calm mind always will know where they are. The board is designed with double adhesive tape on the back and is easily mounted on the wall wherever it suits you. Match it with Strap Key Ring to complete the look.

FLOOR MAT

Our floor mats come in three different shapes - all in 3 mm thick recycled leather. They add style and tactility to your kitchen, bathroom or living room, while at the same time protecting your floor from wearing down.

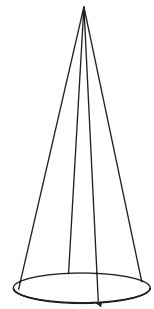

CURVE SHELF

Designed in the recognisable curve shape, and coated with recycled leather, this minimalistic steel shelf is ideal for both decoration and storage purposes. Its open shape gives you easy access to all items from any angle.

WARDROBE

A WARM WARDROBE UPGRADE

Breathe new life into your hallway or wardrobe. Bridging form and function, our wardrobe collection offers a line of unique pieces that will bring a modern touch and a warm welcoming feel into your home.

WARDROBE

SWING

SWING transforms European oak and a leather cord into a decorative and functional design solution for wardrobes and smaller hallway spaces. Combine it with our selection of hangers or hooks to display your favourite clothes and accessories. SWING only takes up very little space and with the adjustable leather cords, this is the ideal solution where space is limited. WALL SWING is a smaller, more minimalistic version of the SWING design – a hanging coat rack, mounted on the wall and in the ceiling.

CLOTHES RACK

CLOTHES RACK is a minimalistic design piece for your wardrobe, made of a black powder-coated steel frame, a crossbar made of solid oak on top, and a shoe-shelf covered with our durable, recycled leather at the bottom. CLOTHES RACK can be placed wherever it suits you, and due to the free-standing design, it can easily be used as a room divider as well. CLOTHES RACK WALL is mounted on the wall and available with or without a shoe-shelf at the bottom.

CURVE HOOK

A minimalistic yet recognizable hook for towels and similar. Coated with recycled leather, available in two different sizes and two different colour options. Mounted easily with double adhesive tape on the back.

S-HOOK

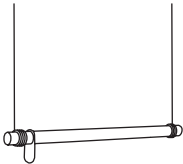

If you're looking for an alternative to the classic hanger, you might want to go for our simple and versatile S-HOOKS.

WALL DOT

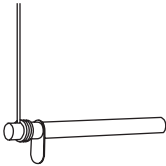

Inspired by the curve shape, the WALL DOT is designed as a decorative and functional design for your wall. WALL DOT is made from oak and steel, coated with our durable recycled leather. With the flexible mounting and several varieties of colours and sizes, it is possible to create your own personal as well as practical piece of art on your wall.

SMALL FURNITURE 2021

ADD A SOPHISTICATED EDGE

Our collection of small furniture is characterised by subtle lines and beautifully paired materials. The recycled leather combined with steel and wooden elements create the foundation for the entire series. With an appearance that is both simple and elegant, the furniture fits perfectly into any setting and adds a sophisticated edge to the interior.

We strive for our designs to challenge and surprise you, why several of our furniture is cleverly designed as knock-down pieces – flat-packed and easily self-assembled – inviting you to connect and engage with the designs and enabling us to reduce our environmental footprint.

MAGAZINE TABLES

The simple outline of the almost sculptural MAGAZINE TABLE is based on pure geometrical components. With a dedicated shelf for your favourite magazines, the tabletop covered in recycled leather forms the perfect basis for a cup of tea or a few decorative objects. The table comes in two sizes.

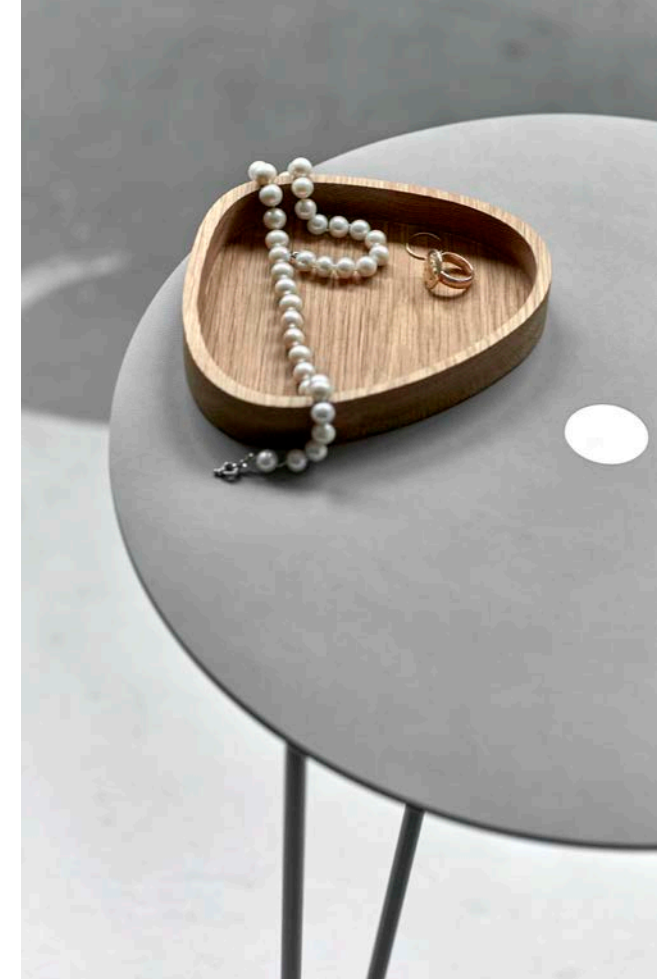

CURVE LOUNGE TABLES

Our new collection of CURVE LOUNGE TABLES is based on the classic design of our CURVE TABLES. The well-known curve shape invites an organic expression to your home and is the epitome of our design DNA. Two or three steel plates are connected by oak legs, and the inherent warmth of the wood adds a soft expression to the tables. The different sizes and heights allow multiple tables to blend together in formations - in any living room, lounge setting or lobby area.

PICK-UP TABLE

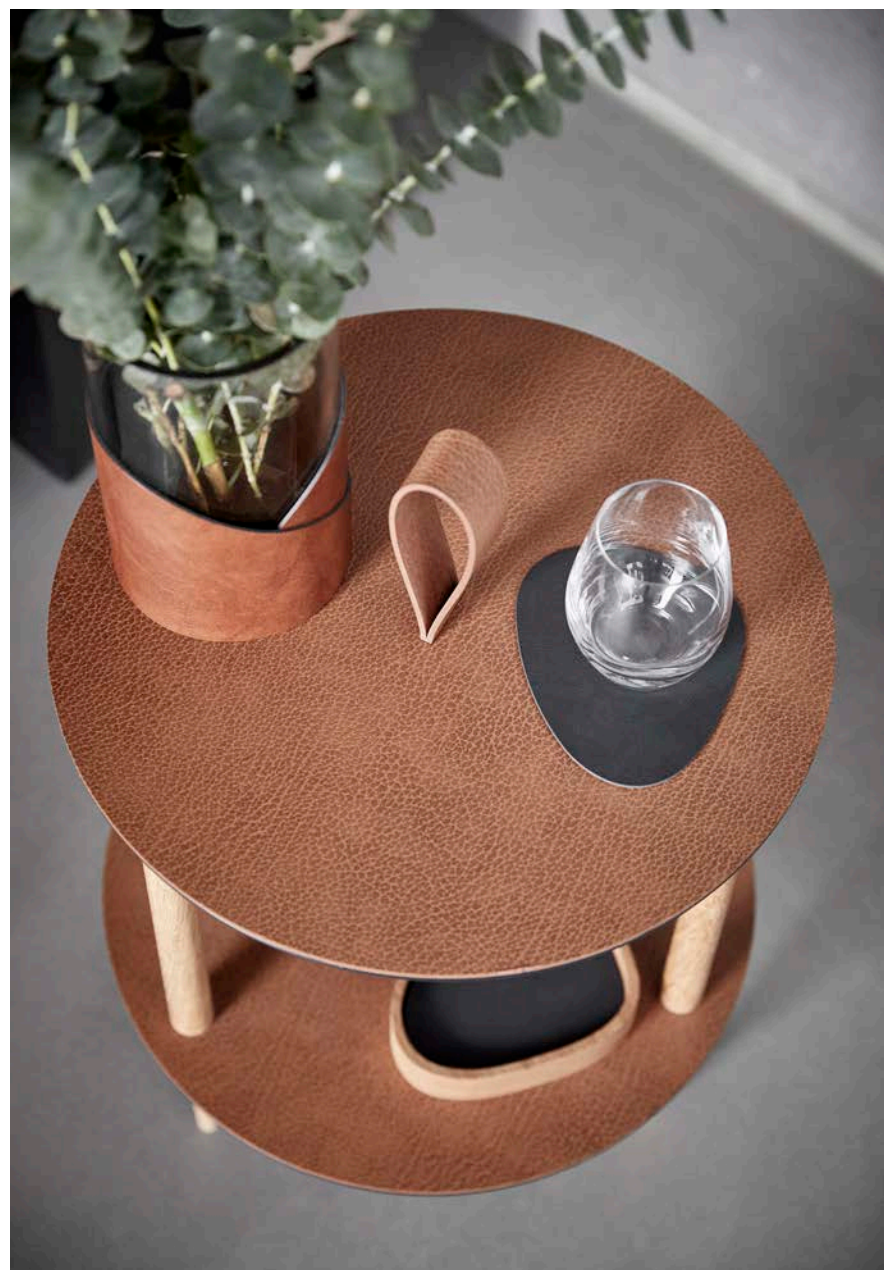

The portable PICK-UP TABLE is designed with a reversible, recycled leather mat on its top plate, making it possible to change the look of your table in a blink. Choose among a variety of different leather surfaces and colour combinations and personalize the expression of your table. The aluminium JEWEL in the middle of the table can be changed to a brass JEWEL - and the table will instantly change its overall expression again. A JEWEL made in brass can be bought separately.

TURNTABLE

TURNTABLE is a simple and elegant side table, available in two sizes that can either be used separately or positioned in beautiful pairs or clusters throughout your home. Designed with a reversible mat on its top plate and a changeable aluminium JEWEL, it is easy to change the look of your table.

STRAP TABLES

Developed as a flatpack for stress-free self-assembly, STRAP TABLE is a unique combination of materials that are shaped into an iconic piece of furniture with great usability. The STRAP TABLE S has been sized up to a larger version, and both sizes beautifully combine recycled leather with oiled oak. With a small handle, the STRAP TABLE is easy to carry around and fits anywhere in the home – as bedside table, coffee table, next to a sofa or your favourite armchair, or simply as a statement piece.

CURVE CHAMELEON TABLE

CURVE CHAMELEON TABLE is designed with a black, lightweight steel frame for an understated appearance. The legs have a graphic angle and add a distinctive character to the minimalistic design, making it striking from any perspective. The table comes with a TABLE MAT CURVE L in recycled leather on top. However, as the name indicates, CURVE CHAMELEON TABLE offers an extra functional dimension, as you can change the table mat with any other TABLE MAT CURVE L.

CURVE TABLE

CURVE TABLE explores the combination of a graphic design language and simple, yet durable materials. The minimalistic construction adds a sophisticated edge to your interior and enables you to create small sculptural clusters when placing them in pairs or groups.

CURVE COFFEE TABLE

Crafted from a combination of black steel with recycled leather or wood veneer on the top plates, the CURVE COFFEE TABLE will add a distinctive touch to an otherwise minimalistic interior. Playing with multiple shapes, the curve plates are effortlessly joined by an oak rod and a geometric steel plate. Available in multiple sizes, CURVE COFFEE TABLE has many applications and is perfect as a side table, coffee table or bedside table – either placed separately or in small, decorative groups.

STOOL&TABLE

The concepts of presence and togetherness form the basis for the STOOL&TABLE. The piece is practical in countless ways – as a side table in the bedroom or lounge area or as a seat for unexpected guests allowing you to simply sit down and be present. STOOL&TABLE is designed in shaped aluminium coated with recycled leather and an oak rod.

TABLE&MORE

Let only your imagination set the limits with the versatile TABLE&MORE. Use it as a table or as a container for logs, blankets, magazines, and much more. You can even stack TABLE&MORE on top of each other and create your own personalized bookcase.

STRAP TABLE CUT&SERVE

Our curiosity in experimenting with materials led us to combine STRAP TABLE S with our CUT&SERVE boards, thereby materializing our new STRAP TABLE CUT&SERVE. Available in two finishes: ash and walnut, you can use the tables as decorative pieces in your interior or as an alternative way of serving food and creating engaging levels on the buffet or sideboard to your next family feast.

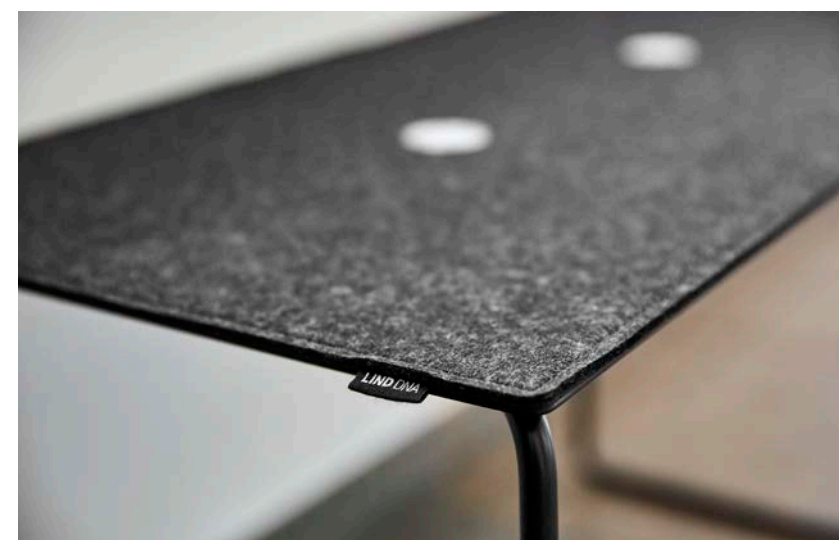

FLAMINGO HIGH STOOL

Long, sleek legs and an elegant outline define the FLAMINGO HIGH STOOL. The high stool is a versatile seating option that will add character and edge to your home - making friends and family want to linger. The seat is designed in solid steel covered with our recycled leather. The shape is curved to give it a great ergonomic curve.

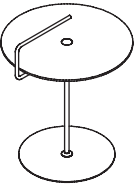

BENCHES

Our line of BENCHES brings a feeling of soft serenity to any space throughout your home thanks to the simple, graphic design. Place it in the hallway, at the end of your bed, or simply as a statement piece in any room. BENCH is available in two finishes - either with a fixed recycled leather surface or with a reversible, hand stitched cushion made of recycled leather on one side and European wool on the other side.
