10 YEARS OF *SCULPTURAL MINIMALISM*

Defining Sculptural Minimalism

We define sculptural minimalism by merging the artist's meticulous attention to detail with the architect's vision and spatial understanding. The respect for nature's materials is integral to every piece, our passion for diligent craftsmanship is evident in every item, and each design is more than just interior objects. They are artworks for your home.

For the past 10 years, arches and architecture have been the essence of Kristina Dam Studio's monochrome collections, which we celebrate with our "Frame vol. 2" anniversary collection in 2022.

Frame

We are framing 10 years of Sculptural Minimalism and interior ingenuity with our Frame Collection. The clean, honest, and contemporary designs epitomize Kristina Dam Studio – conceptualized in our anniversary piece: The Frame Sculpture. In the interplay between light and shadow, graphic shapes, and interior functions, our Sculptural Minimalism is shaped; shaped to suit contemporary spaces and modern-day life.

Outline Desk

The Outline Desk was articulated by a longing for a minimal essential space that pillars forward-thinking and outward-looking. The design exudes craft and humility with architectural clarity and grace with the understated details that reveal themselves upon closer inspection. Sleek lines create a graphic interplay of steel frames that holds the solid oak tabletop and drawers, giving the Outline Desk a classic yet contemporary look. Beautiful from any angle and crafted from high-quality materials, the Outline Desk is a statement piece ideal for standing freely in many spaces.

Collector

The Collector series is informed by the notion that real connection is formed when the framing of the conversation, the meeting, and the meal is just right. The table and chairs in this collection are crafted with attention to minimalistic serenity and a timeless aesthetic. The refined details and honest craftsmanship make for a line of furniture that appears honest and inviting.

Minimal

Japanese principles inspire the Minimal series. The pared-back construction emphasizes the quality of craftsmanship and the simple elegance of the solid natural oak and the modern black frame. The interplay between the wooden frame and the slim cover adds a sense of exquisite ease to the indispensable pieces – a daybed and a bench. The soft foam mattress comes upholstered with Aniline leather, Nubuck leather, or Savak made from wool in earthy tones that reference the 1960s.

Modernist

The Modernist line is the classic yet contemporary series that adds a refined elegance to living rooms and open office spaces. The sofa is sharply framed in stainless steel and then tender softness with generously proportioned upholstery.

Our Modernist series is delivered in seven different upholsteries, from light beige bouclé and deep grey wool to the classic Danish Savak fabric. All durable materials are woven from selected fibres like New Zealand wool and alpaca. The tactility of each fabric epitomizes Scandinavian aesthetics in their truest form and makes each a clever expression of the slender steel frame

Bauhaus

The Bauhaus tradition is focused on form following function. At Kristina Dam Studio, we embrace this ideology of simplicity whilst maintaining our insistence on an inherent sculptural quality to every piece of furniture we design. The Bauhaus series is defined by the perfectly arched backrests, the circle-shaped tables, and the understated adornment of the perforated grid. The resilient powder-coating makes the collection suited for indoor and outdoor use in private homes as well as cafés, restaurants, or urban spaces.

CURVED SIDE TABLE

Japanese Tray Tables

Inspired by the Japanese design tradition and the incense boxes of the Edo era, Kristina Dam Studio has envisioned a Scandinavian take on versatile tray tables. Three sizes, multiple functions, one clean look. The rectangular table turns into a luxurious bench or stylish seat when topped with the fitted cushion in delicious cognac nubuck. Our tables and trays are handcrafted in oak and treated oiled oak. The trays are now also available in a beautiful oiled smoked oak.

Serif Relief

The Serif Relief focus our attention on elements of Kristina Dam Studio's early illustrations. An interplay between form, material and light is created on the wall and adds an interesting depth to the room. The textured surfaces of the work enforce this magnetic effect, vivid and tactile, made from remnants of the textile industry by Indian women in a social project.

Rope Vase

The Rope Vases accentuates the appeal of merging materials – beige englobed stoneware and halyard – and sculptural and imminent shapes. The two large centrepieces in earthy tones add character to the space it inhabits with or without a solitaire flower.

Oru Loom Rugs

Inspired by the traditional Japanese Tatami mat, the Oru Loom Rug are expressive minimalistic rugs of high quality. The Oru Loom rugs create a calm and clean frame in the interior, making them ideal for the lounge area. Oru is the Japanese word for weave and describes the creating process perfectly as the Oru Loom Rugs are woven of wool and jute, adding a tactile element to living spaces.

Arch Series

In our endeavour to translate sculptural minimalism into every aspect of the home, Kristina Dam Studio has designed a line of delicate textiles with calm, looming aches – a beloved and enduring object of ours in saturated hues. The Arch series is an elegant and ultra-soft warp and weft woven pillow and throw made in heavy cotton in monochrome colours with decorative, brushed fringes.

Signature Soap & Hand Lotion

The defining traits of our design universe can be experienced in the bespoke soaps and hand lotions. All soaps have an exfoliating effect due to the natural grains of apricot kernels, while aloe vera and extracts of ginger and pink pomelo keep your hands moist and smooth. Add additional nourishment by finishing your cleanse with the lush hand lotion that soothes dry hands with almond and apricot kernel oil.
All ingredients are 95% natural.

Our three signature scents have been carefully selected to reflect the values of our brand. "Classic" is our discreet refreshing scent. It combines orange blossom and lemongrass with warm wooden notes. "Minimal" derives its subtle, clean scent from clary sage, cedarwood and green leaves. "Modern" is our contemporary fragrance that contrasts delicate fresh flowers with ripe orange and warm sage notes.
